Attached is a draft of the short "overview" of the Cancun summit requested by Amb. Meissner. It was prepared jointly by [] and myself and it is aimed at helping the policymaker better understand the relation of the Cancun summit to the North-South dialogue, the rationale of the major actors and the resulting policy alternatives available.

This "overview" plus individual country position papers are being assembled by [] (OER) and he will sent them to Amb. Meissner. Copies of the "overview" were sent to OER and OPA for coordination.
